

Kentucky Fish and Wildlife Commission Meeting
REQUEST FOR COMMISSION ACTION

June 5, 2015

Division: Fisheries

Regulation Number: 301 KAR 1:201 Regular or Emergency: Regular

Proposed Recommendation: Proposal to Remove Flathead Catfish Harvest
Restrictions on A.J. Jolly Lake

Justification: A total harvest restriction for flathead catfish caught in A.J. Jolly Lake was implemented to facilitate a research project. The project was designed to stock adult flathead into the lake and determine if the flathead would prey on stunted sunfish, bass and channel catfish to an extent that would promote growth and produce higher quality fisheries. Unfortunately, the expected goal was not reached; there was no effect on the other fish populations. Therefore, we propose removing the flathead catfish harvest restriction on A.J. Jolly Lake.

Effective Date: October 2015
